

Rudgwick Primary School

Fire Safety Policy and Plan

Inspire - Believe - Achieve

Our Mission:

At Rudgwick Primary School, our mission is to provide a happy, fun, safe place, where kindness shines through and where:

- Excellent teaching and a wide range of experiences inspires a love for learning and a curious mind;
- Everyone is valued and respected and feel that they belong;
- Individual strengths and talents are nurtured and celebrated and children believe in themselves and, through strong friendships, each other;
- A growth mind set is encouraged, mistakes are seen as learning opportunities and confident, resilient learners grow;
- Children are successful learners who, through both independence and collaboration, can make progress and achieve to their full potential.

Fire Safety Policy and Plan issued by the governors of Rudgwick Primary School

Effective from: May 2023

Signed by: David Buckley, Chair of Governors

Reviewed by: Staff, Finance and Health and Safety Committee

Approve by: Full Governing Body

Review Frequency: 1 Year

Next review date: May 2024

The Purpose of this policy is as always to aim to make a safer working environment for the children, staff, parents and visitors to Rudgwick Primary School. We will aim to reduce the risk from fires, by following these safety precautions.
 □ Prevent fires starting □ Ensure that in the event of a fire everyone can evacuate safely □ Restrict the rate of fire spread.
1. Designated person
A designated person (Headteacher) is responsible for managing/auditing fire evacuation procedures from the school and arrangements for checking/monitoring the fire safety and firefighting equipment. In her absence this task will fall to the business manager and premises officer who are trained fire marshalls.
The designated person must:
 □ Check that a fire can be detected in a reasonable time and that people can be warned. □ Check that people in the building can get out safely – including people with disabilities □ Check that people in the building know what to do in the event of a fire and by which route to escape □ Make sure there is reasonable firefighting equipment in the building and that staff are trained/aware on how to use the equipment
(This will be as specified by the fire safety officer for the WSCC Fire and Rescue Service).
$\hfill\square$ Make sure the fire safety equipment is checked and maintained.
2. Fire risk assessment
The Fire Risk assessment must be carried out in the event of:
☐ A significant change in the environment; or☐ An accident or near miss that reveals a weakness.
The Fire Risk assessment must be done by a professional and will be reviewed annually by the Headteacher and Business Manager.
The Fire Risk assessment will generally cover the following areas
 ☐ Fire hazards and prevention ☐ People at risk ☐ Fire detection and alarm systems ☐ Fire-fighting ☐ Escape facilities ☐ Fire emergency plan ☐ Instruction and training ☐ Fire safety and record keeping

3. Testing Fire Alarms

All electrical warning systems must be tested weekly to make sure they work and can be heard throughout the building.

All those affected should be made aware of the difference between a test and a real alarm.

A record of these checks, tests, and maintenance is kept in a logbook in the office.

4. Fire Safety Notices

The head teacher must ensure all staff and children know the correct procedures in case of fire.

Fire procedure Notices must be displayed prominently throughout the building. They should be checked on a monthly basis by the designated person to make sure they are in place and up-to-date.

5. Fire Drills

Fire Drills are practised regularly (at least one per term). Fire evacuation procedures are set out in the appendix.

A record of all practices is kept in the office with date, time of day, escape time and causes of delay recorded.

There must be an effective system for counting all staff, pupils, visitors and contractors so that everyone can be accounted for. Any defects in the counting system will be recorded and corrected promptly.

The escape time should be no longer than two and a half minutes. If it is longer than this the designated person must look at the reasons why and how delays can be reduced.

6. Evacuation of people with restricted mobility

Any people with restricted mobility present in the school for a fire alarm will need assistance to leave the building during the fire evacuation.

An Personal Evacuation Plan should be drawn up for any member of the school community, or regular visitor to the school, who has restricted mobility, even if their condition is only temporary.

7. Escape Routes

Escape routes must be clearly marked and be of a minimum of 800mm in width.

Exits must be kept clear and free from furniture or the accumulation of any other material.

All doors must be closed at night, weekends and holidays to reduce the risk of fire spread and smoke damage.

8. Escape Signs

All escape routes are clearly signed in accordance with the Health and Safety Regulations 1996.

9. Fire Extinguishers

The Fire and Rescue Service checks portable fire extinguishers and fire blankets annually.

Fire Equipment must be regularly checked – see the checklist at point 3 above.

The annual health & safety report will audit (ie.check that it is present and fire safety officer checks are up to date) the portable fire safety equipment.

10. Firefighting equipment training

Our policy is to evacuate

Only trained Fire Marshalls are trained to tackle a fire if they feel confident to do so ie a small waste paper basket fire.

Named Fire Marshalls are:

Claire Dunsby Terry Ryan

11. Visitors

Visitors to the school are made aware of fire safety procedures and are asked to sign that they have read these on entry to the building

12. Contractors

Contractors on the premises may temporarily increase the fire risk in the building. They will therefore need to declare the nature of their work and be monitored accordingly. When a contractor has signed a hot work permit ensure an appropriate fire extinguisher will be available in close proximity to the job. All contractors who have signed a hot works permit should have their own fire extinguisher.

Rudgwick Primary School Fire Evacuation Plan

Sounding the Fire Alarm

If a fire is discovered or suspected, a fire alarm must be sounded. Fire alarms are located throughout the building, near fire escape doors. Please familiarise yourself with the fire alarm break glass points.

Calling the Fire Brigade

The school front office staff, on hearing the fire alarm, will dial 999 to report to the fire brigade. Confirmation of this call must be made to the Head teacher or Deputy Head in Head teacher's absence.

Evacuation of the Building

When the alarm – a continuous ringing of the bell- is heard, the building is to be evacuated immediately. Children under the direction of staff are to leave the school building in a calm and orderly manner by the most direct route, closing the door behind them. When children are in their normal classrooms, this is:

- Year R: external door at back of classroom to playground. TA to check Reception Classroom toilets are empty
- Year 1: external door at back of classroom to playground. TA to check main corridor toilets & disabled toilet are empty
- Year 2: through door at back of classroom to toilet corridor, leading to playground
- Year 3: external door at back of classroom to playground
- Year 4: external door at back of classroom to playground
- Year 5: external door at back of classroom to playground
- Year 6: external door at back of classroom to car park. TA to check Community Room & toilet is empty

ICT Suite: through corridor to external door to playground or front entrance

Front Office: external door to playground or Front entrance

Heads Office: external door to playground or Front entrance

Business Managers Office: external door to playground or Front entrance

Physio Room: external door to playground or Front entrance

Community Room: external door in classroom to front entrance; note this has a turn to open mechanism

Hall: external door at back of hall to meadow

Library: external door to meadow

Kitchen: external door to meadow

PPA room: external door to meadow

Fire Marshalls to check building is empty and report to Headteacher

Front office staff to take Fire Grab Box, signing in books & telephone

Teachers to take medication necessary for pupils in their class, ie: inhalers, insulin.

Assembly point

Playground

Teachers to confirm all pupils from their class present, Front Office staff to confirm all adults present and both to report to Fire Marshall (identified by high vis jacket)

Appendix B

Classroom Fire Evacuation Plan (Displayed for pupils)

- 1. On hearing the alarm, everyone stops talking & listens to the teacher
- 2. Line up at the fire exit door this may not be your normal door! (if you are not sure look at the plan)
- 3. If you are NOT, for any reason in your classroom, go out the nearest door and join your class
- 4. If you are in a music lesson, go with your teacher
- 5. Walk in a sensible & silent line onto the playground following your route on the map
- 6. Line up on the playground in your normal lining up place
- 7. Listen carefully for your name in the register and answer 'Yes' clearly
- 8. DO NOT GO BACK INTO THE BUILDING UNLESS YOU ARE TOLD TO DO SO

Appendix C

Full Off Site Evacuation Strategy

The decision to evacuate is a difficult one and must be considered carefully, balancing potential danger en route to designated place of safety, with potential danger remaining on site. It is a decision for the Senior Management Team, or the emergency services, on all occasions

Place of Safety

The designated place of safety for the school is the Penthorpe School in Church Street, Rudgwick.

This school must be advised, as soon as possible, of a proposed evacuation, in order to implement their procedure for accepting Rudgwick pupils. They will also assist in ensuring pupil safety on the walk to the school if notified in advance.

Evacuation Route

Out of main entrance either reception door or playground gates Left and downhill to the end of Tates Way Right along Queen Elizabeth Road Cross Church Street under supervision of teachers in high visibility jackets Turn left and enter Penthorpe School car park.
